ABOUT

ABOUT US

7 Chefs is a proudly Australian-owned company, and Casa Della Pasta is our signature brand—crafted with passion, tradition, and a love for authentic Italian food since 1986.

Casa Della Pasta has become a trusted name in Australia for producing high-quality, handmade-style pasta, gnocchi, and sauces. Our time-honoured methods and commitment to excellence ensure every product delivers on flavour, quality, and value.

We use locally sourced, premium ingredients to create a range that's both nutritious and delicious—bringing together the best of traditional Italian recipes and modern tastes.

With a broad variety of pasta shapes, fillings, and sauces, we offer both fresh and frozen options that can be tailored to suit your needs. From pre-cooked for quick preparation to traditional pasteurised for a classic experience, we make mealtimes simple and satisfying.

With convenient pack sizes and reliable nationwide delivery, we supply our quality products to retailers, and foodservice kitchens across Australia.

Benefits

- Broad range of flavours & pasta shapes
- Customised product, frozen conveniently for foodservice, chilled fresh for retailers
- Choose from pre-cooked for speed of preparation, or traditional pasteurised
- Convenient pack sizes
- Nationwide delivery.

ABOUT OUR PASTA

Superior Freezing Technology (IQF)

Freezing is the best way to preserve food without having to add any preservatives. Casa Della Pasta has chosen state-of-the-art cooking and deep-freezing technology (IQF – individual quick freeze) which keeps our products at their optimum freshness, flavour and nutrition, ensuring our customers experience our 'hand-made' quality and taste.

Benefits of freezing pasta

- Natural and free from preservatives
- Extends shelf life which reduces wastage
- Saves time without compromising quality
- Provides convenience and flexibility, defrost as you need.

This is why frozen pasta is quicker to cook and achieves a superior al dente bite in comparison to dry pasta.

Pasteurisation

Our unique and patented method of pasteurisation, which effectively steams the pasta through an industrial chamber, ensures your pasta is robust enough to withstand the rigors of the "back of house kitchen" yet still maintains the appearance of fresh home-made pasta when served to your customer.

Shelf Life

Shelf life for all frozen products is 12 months from date of manufacture.

Shelf life for all chilled, fresh products is 45 days from the date of manufacture.

GNOCCHI

FRESH GNOCCHI

TRADITIONAL GNOCCHI

Vegetarian, No Artificial Flavours.

COOKING & PREPARATION

1

Cook until gnocchi float

2

Can thaw and fry
